

NATURESCAPE
 BRITISH COLUMBIA
Caring for wildlife habitat at home

How are you caring for wildlife habitat at home?
 To receive your Naturescape Participation Sign, please complete this questionnaire.

The Naturescape Participant Sign is a visible recognition to your neighbours that you are caring for wildlife habitat at home. Please take the time to fill out this questionnaire and send it in. Naturescape British Columbia recognizes that much of what makes your property unique and special cannot be expressed in a questionnaire. We therefore encourage you to share these one-of-a-kind qualities, features and observations with us. Please send us your stories and photos. This additional information will help us expand our knowledge of wildlife habitat gardening across the province.

Name _____

Address _____

City _____ Province _____ Postal Code _____

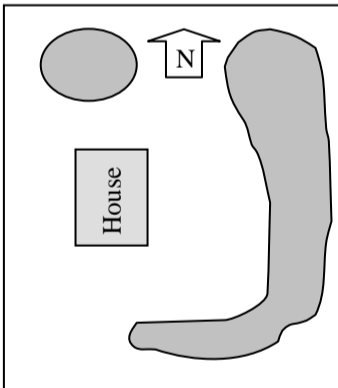

Telephone _____ Email _____

Total Property Size _____ Circle one: sq ft sq m acres hectares
