

A Quick Zip Through Science in Action[®]

1. Getting started

- ③ Submit application to WildBC by **March 31**. Applications online at **www.wildbc.org**.
- ③ Selected schools notified by **May 15**.
- Schools receive **consultation** with a WildBC facilitator to initiate Science in Action.
- ③ Prior knowledge and needs assessments are conducted for each teacher prior to the training session.

2. Free Staff Workshop & Resources

- ③ Schools select and receive one of the following free staff workshops:
 - Science in Action: *Water***
 - Science in Action: *Ecosystems***
 - Science in Action: *Climate Change****
- ③ Schools receive, at no charge, a **Theme-based Science kit**, teacher guides, sample unit plans and assessment tools to facilitate meeting the science curriculum.

*more appropriate for middle schools

3. Science in Action!

- ③ **Complete 6 Science in Action activities** from the list of active science lessons.
- ③ **Record the 6 activities** with a simple, easy to use tracking tool.
- WildBC will provide free consultation and teacher support as needed throughout the program.
- ③

4. Celebrate & Share!

- ③ Complete 6 Science in Action activities and classes become eligible for a **funded outdoor local field trip**.
- ③ Share your success stories and photographs.
